It is present-day, and in the kingdom of Auradon, all of Disney's beloved heroes and royalty are living happily ever after, safe from the terrifying villains and troublesome sidekicks they have banished to the magic-free Isle of the Lost. That is until Ben, the benevolent teenage son of Belle and King Adam (The Beast), offers a chance of redemption for the troublemaking offspring of the evilest villains. Mal, Evie, Jay and Carlos – the children of Maleficent, the Evil Queen, Cruella De Vil, and Jafar – are welcomed to Auradon Prep to attend school with the children of their parents' sworn enemies

Mind Map Activity: Hero or Villain?

The characters in Disney's Descendants the Musical are all heroes and villains from Disney stories. However, Descendants flips the idea of heroes versus villains around, making the villains the main characters.

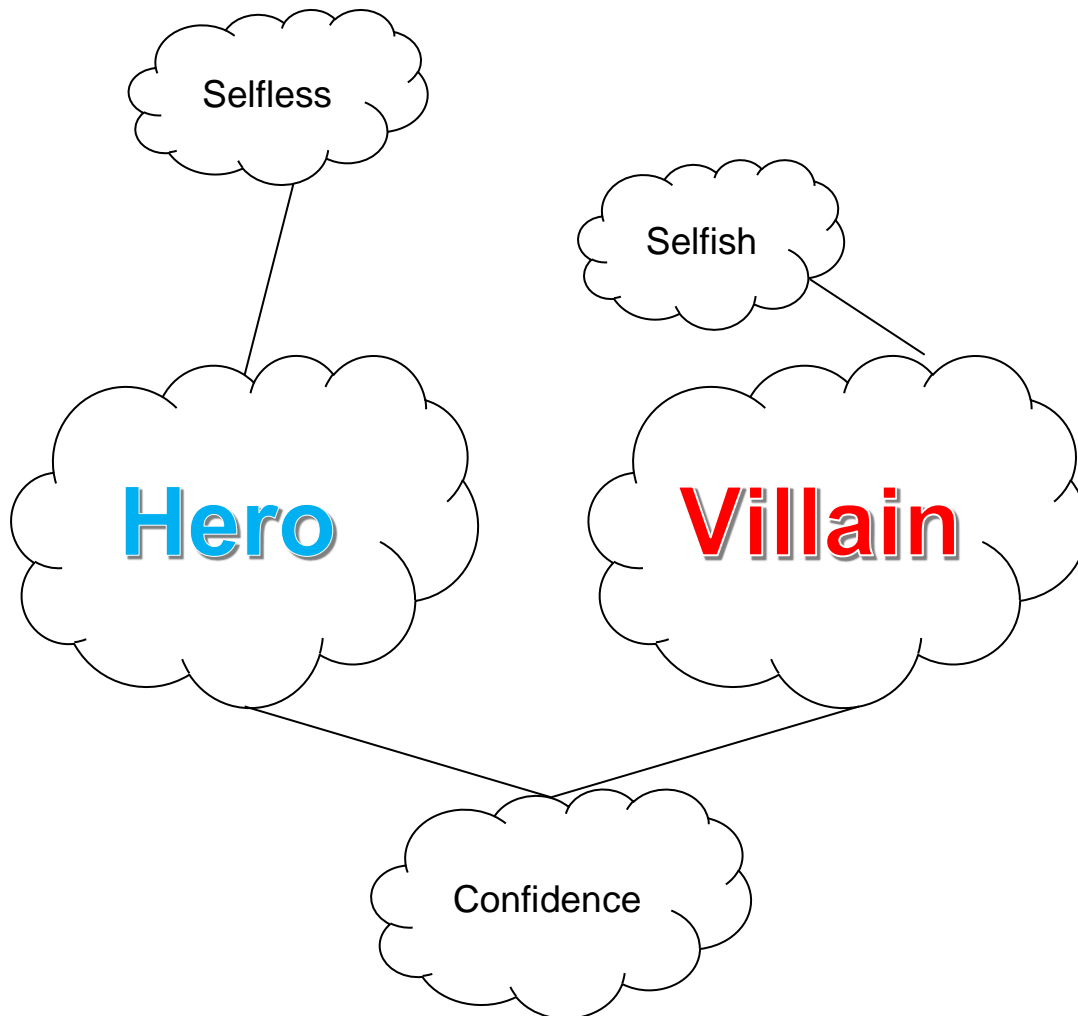

In this activity you will discover what makes a character a hero or a villain. Think about the typical characteristics of each. What traits do heroes have? What about villains?

Using the template provided, you will create a Mind Map of hero and villain characteristics.

Step 1: In the space below, write down traits, characteristics and ideas that describe heroes and/or villains.

Step 2: Using your answers from Step 1, write down words that represent heroes or villains. Circle each word and draw a line to connect it to the Hero bubble or the Villain bubble. If the word applies to both heroes and villains, connect it to both bubbles. For example, heroes are supposed to be selfless and villains are supposed to be selfish, but both have confidence.

Step 3: After completing your Mind Map, discuss your results with your class or a partner. What do your Mind Maps have in common? How are they different? What common traits do heroes and villains have?
